About Us

Our Story

Calcutta Welding & Lifting Company (CWLC) is a family-owned business that has been ensuring the supply of high-quality safety equipment for industrial and construction segments for over 30 years. We are committed to promoting workplace safety and reducing accidents.

CWLC was founded by a group of safety professionals who saw a need for high-quality safety equipment that was affordable and easy to access. Since then, we have been committed to providing our customers with the best possible service and products.

Our Vision!

To be the leading supplier of high-quality human safety equipment, ensuring the protection and well-being of individuals in all environments.

Our Mission!

Our mission is to distribute / supply innovative and reliable safety equipment that meets the highest industry standards.

Product or Service Offering

Stay one step ahead in safety with our comprehensive range of human safety equipment. From head to toe protection, we've got you covered with high-quality gear that meets industry standards. Don't compromise on safety – choose us for peace of mind and a safer work environment.

**“NO SAFETY, KNOW PAIN.
KNOW SAFETY, NO PAIN.”**

**Fixed Lifeline Systems
(Vertical)**

VERTICAL ANCHORAGE LINE SYSTEM (Cable & Aluminum Rail)

VERTEX PN 6000 / 7000 / 8000 / 9000

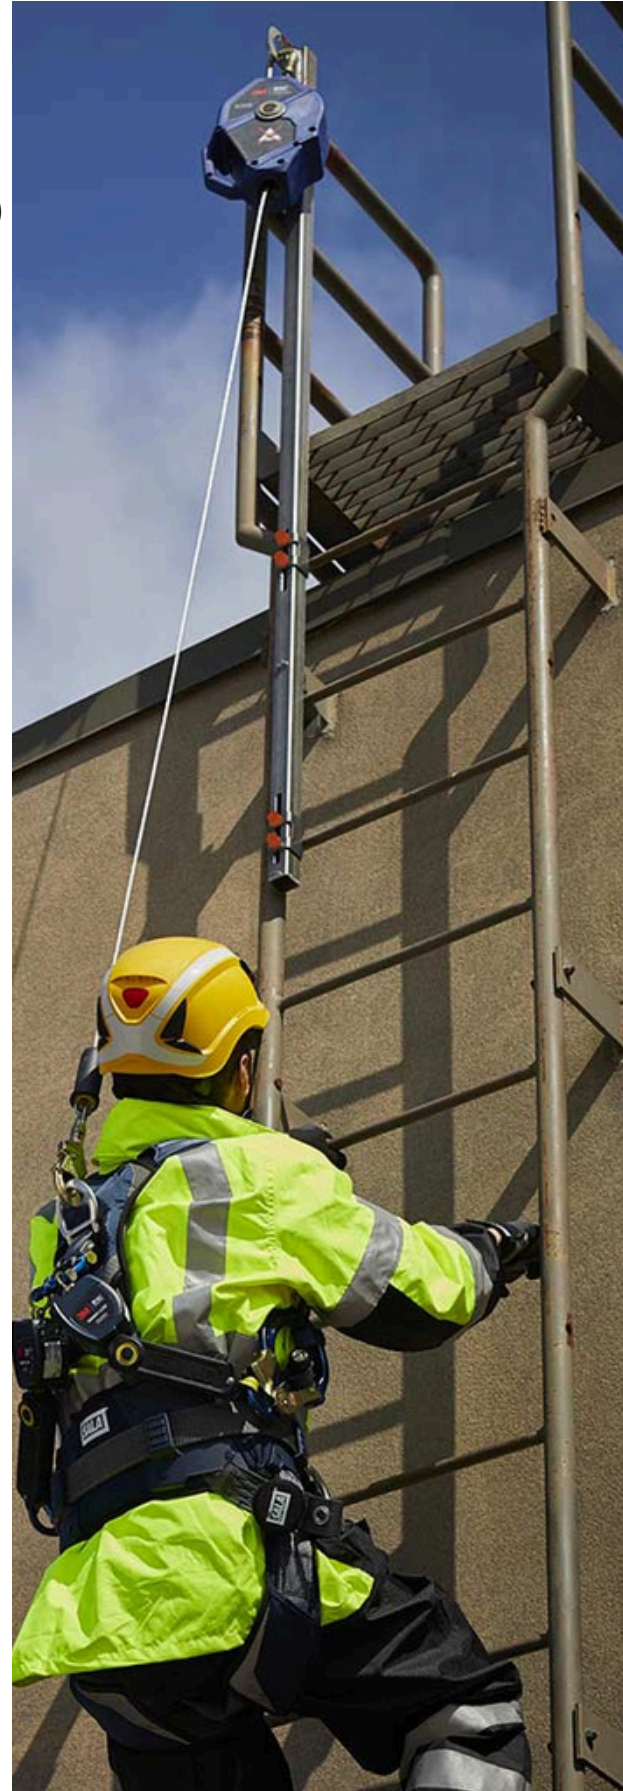

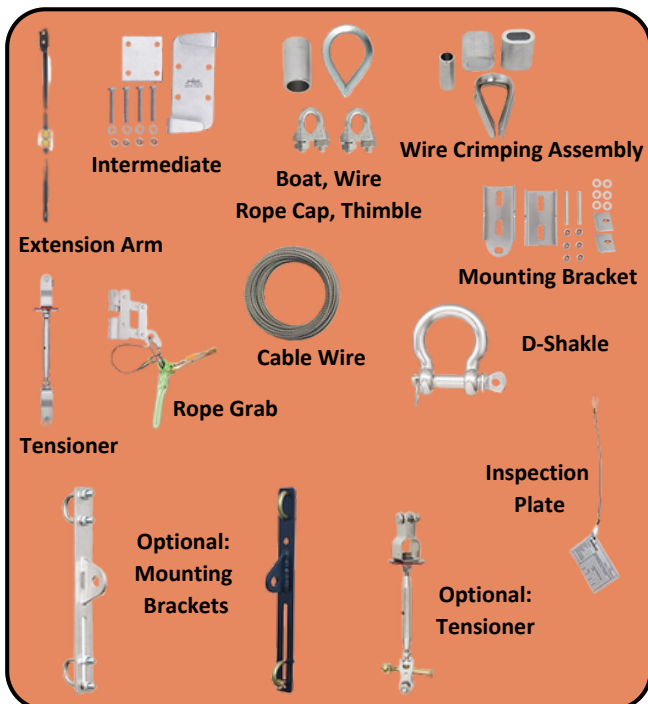

Key Features

- ☛ Material of construction: Stainless steel SS 316
- ☛ Installation is simple and easy, requiring minimum effort
- ☛ The rope grab comes with special anti-inversion mechanism which enables it to always be fitted in the correct position
- ☛ Intermediates to reduce vibration and proper alignment of wire rope at every 10m

Applications

Telecom Construction Turbines
Radio and TV Mast Chimney Industries
Power Supply and Hydroelectric Installations

Components

Fixed Lifeline Systems (Horizontal)

HORIZONTAL ANCHORAGE LINE SYSTEM ON RIGID CABLE LINE

HORIZON PN 4000 (Over the Head)

Key Features & Benefits

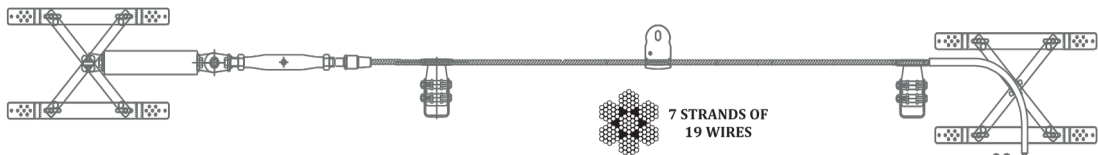

- ☛ MOC: Stainless Steel Grade 316
- ☛ Shock Absorber: Reduces impact (Both on Victim & receiving structure)
- ☛ ATEX approved: can use in potential explosive areas
- ☛ Trained installers & engineers to install the system

- ☛ Truck loading / unloading
- ☛ Industrial cranes
- ☛ Reactors, Turbines etc.,

Applications

HORIZON PN 4000 (Over the Roof)

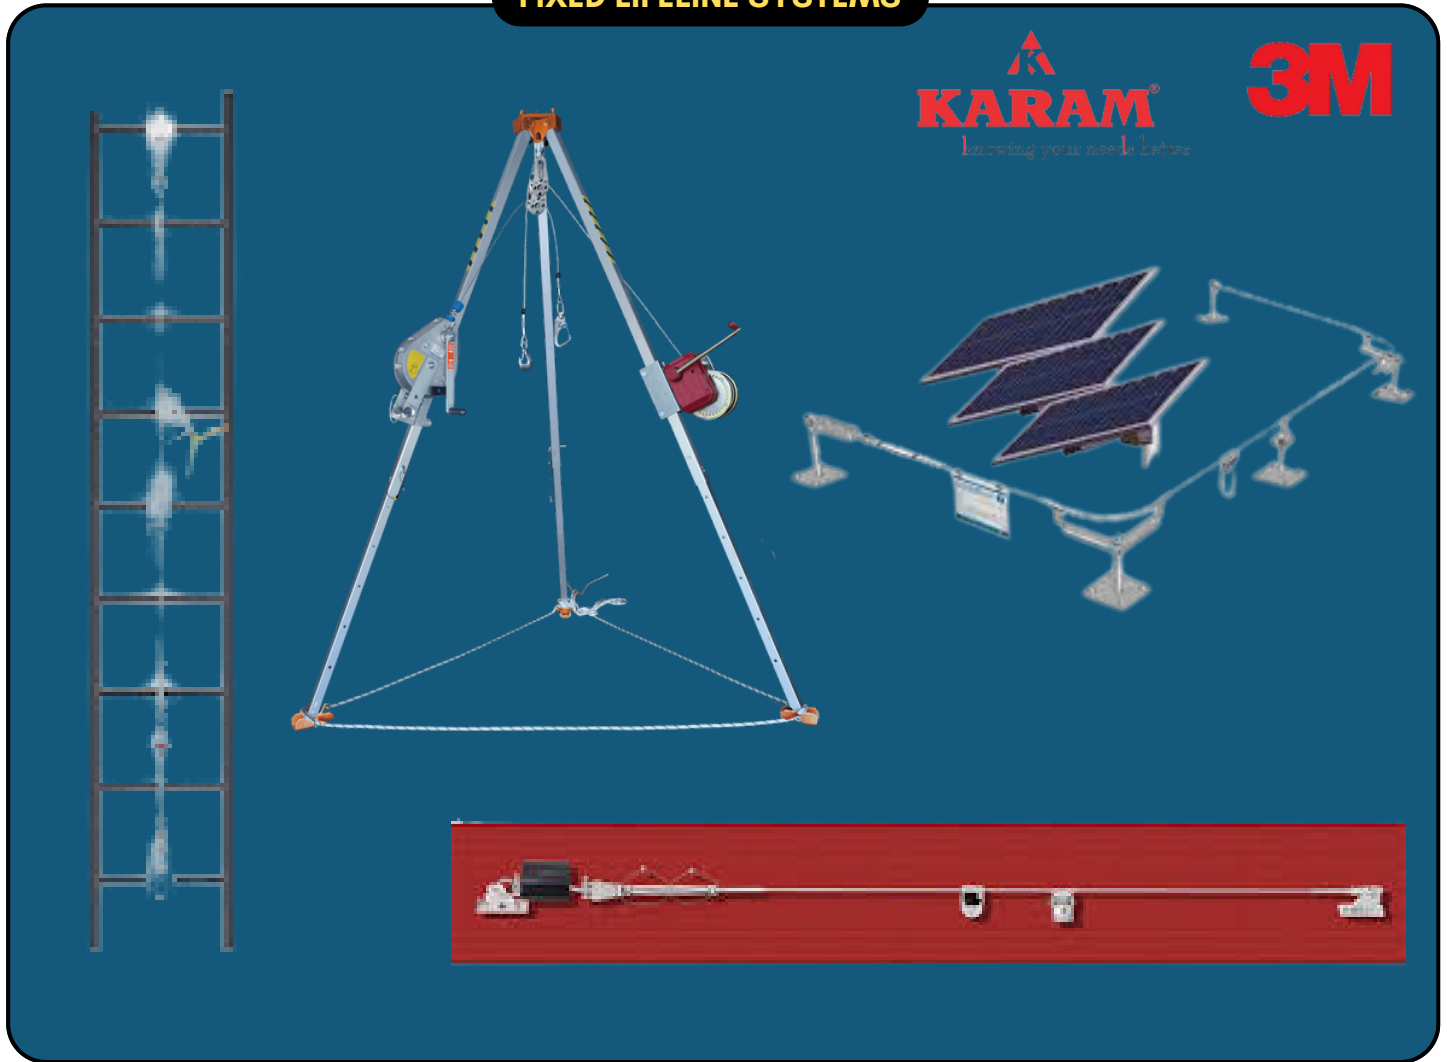

Applications

- ☛ Pre-Engineered Building Roofs
- ☛ Fragile Roofs
- ☛ Airports

Key Features & Benefits

- ☛ MOC: Stainless Steel Grade 316
- ☛ Shock Absorber: Reduces impact (Both on Victim & receiving structure)
- ☛ Carriage body: Easy pass through intermediates
- ☛ Post: Spl. Water proof post fix on roof sheets

FIXED LIFELINE SYSTEMS

We Supply all the Permanent / Fixed Life Line Systems

- Horizontal Life Line for Loading and Unloading (Over the Head)
- Horizontal Life line for (Over the Roof)
- Horizontal Life Line for Solar Panel
- Vertical Life Line for Ladder Climbing
- Vertical Life Line for Confined Entry and Exit

Fixed Line System Design & Installation Service

The anchorage forms an important part of the fall protection system. In the event of movement at height, along the vertical or horizontal axis, an anchorage system that spans this movement is required. Fixed line systems are such specially engineered systems.

It is important to understand that the forces experienced by the system and underlying structures in the event of a fall are extremely complex to calculate and define.

It is here that Calcutta Welding & Lifting Company (CWLC) offers exceptional expertise to address the problem. CWLC has a dedicated team that, through their experience and knowledge, can suggest optimal solutions for FLS requirements.

This offers the following advantage to the Client:

- Provide a safe solution for anchorage.
- Optimize the cost of the solution through Engineered products.
- Safeguard the underlying structure on which the Line is installed.

Our After-Sales Services

CWLC also provides after-sales services, including annual on-site inspection and revalidation of personal protective equipment (PPE), service and repair of retractable fall arrester blocks, and inspection, repair, and revalidation of fixed line systems (FLS) on an annual basis.

Why Choose Us

At CWLC, we pride ourselves on our exceptional customer service and our commitment to workplace safety. Our team of safety experts is always available to answer any questions you may have and help you find the right products for your needs.

Customer Focus

At CWLC, we prioritize your safety above all else. Our mission is to provide high-quality safety equipment that protects you in any environment, ensuring you return home safely to your loved ones every day.

Commitment to Quality: We are committed to providing safety equipment that meets the highest standards of quality and reliability. Each product is rigorously tested to ensure it performs flawlessly when you need it most.

Expert Guidance: Our team of safety experts is here to assist you in choosing the right equipment for your specific needs. Whether you're a professional in the field or an individual looking to enhance your personal safety, we're here to help.

Customer Satisfaction Guarantee: We stand behind our products and want you to be completely satisfied with your purchase. If you're not happy with your safety equipment for any reason, please contact us, and we'll make it right.

At CWLC, your safety is our priority. Thank you for choosing us as your partner in safety.

“I’m glad to see how young people are stepping up when it comes to safety. They are focused on safety rather than being told to be safe. It makes a difference when people own things.” – **Scott Cam, The Block**

Working safely may get old,
but so do those who practice it.
